DOCUMENT NAME	GENERAL ISMS POLICY		

In regards to the Information Security Management System Standard, DOĞANLAR FURNITURE GROUP undertakes to:

- Provide secure access to its own and its stakeholders' information assets,
- Protect the accessibility, integrity and confidentiality of information,
- Assess and manage the risks that may occur on its own and its stakeholders' information assets,
- Maintain the credibility and brand image of the organization,
- Apply the sanctions deemed necessary in case of an information security breach,
- Provide the information security requirements arising from national, international or sectoral regulations to which it is subject, fulfilling the requirements of relevant legislation and standards, contractual obligations and corporate responsibilities to internal and external stakeholders,
- Reduce the impact of information security threats on business/service continuity and ensure business continuity and sustainability,
- Provide skill-building trainings to increase information security awareness.
